

Soccer Field Diagram

- a. The field of play shall be rectangular, the width of which shall not exceed the length.
- b. The width shall not be more than 80 yards [73.15m] nor less than 65 yards [59.44m] and the length shall not be more than 120 yards [109.73m] nor less than 110 yards [100.58m]; however, fields of less than minimal dimensions may be used by prior written mutual consent of the competing institutions. The optimum size is 75 yards [68.58m] by 120 yards [109.73m]. Facilities constructed after September 1995 must be a minimum of 70 yards [64.01m] in width by 115 yards [105.15m] in length.

Note: For marking purposes, the measurement of any line interfacing with any other line must be taken from the outside of the line to the outside of the other line.
